Beaux Arts:

Truth, Rumors & Fantasies

by Mari Eliza and Colleen Smith

The Beaux Arts Book Project is for and about the people who passed through Beaux Arts Gallery and Coffeehouse of Pinellas Park, Florida, where Thomas Reese set the stage and invited artists and performers to create their magic. We want to know what they learned, how they were inspired, and what they are doing now. If

you were there and have something to share, send stories, pictures and photos our way, along with permission to publish.

Thanks for your memories.
